Special Announcements

Belstar would like to acknowledge Military Appreciation Month (May), Asian American and Pacific Islander Heritage Month (May), and National Women's Health Week (May):

Military Appreciation Month

May is Military Appreciation Month, giving those in and out of the military a chance to pause and remember the sacrifice and service given for our freedom. Please join Belstar in honoring and showing appreciation to all past and present service members of the Army, Navy, Air Force, Coast Guard, Marines and National Guard, as well as their spouses and families. May was chosen for this special time of commemoration because it includes Loyalty Day, established in 1921, Victory in Europe (VE) Day, commemorating the end of WWII in 1945, and Children of Fallen Patriots Day.

Click [here](#) for more information about Military Appreciation Month.

Asian American and Pacific Islander Heritage Month

May is also Asian American and Pacific Islander Heritage Month (AAPAHM). We celebrate the history, traditions and culture of Asian Americans and Pacific Islanders in May, commemorating the first Japanese immigration to the United States which happened on May 7, 1843. May 10, 1869 marks the completion of the transcontinental railroad, with the majority of the tracks laid by Chinese immigrants. Please join Belstar in celebrating the significant contributions Asian Americans and Pacific Islanders have made to our society.

Women's Health Week

May 12-18, 2019 was National Women's Health Week. Although it isn't always easy to take steps toward better health, National Women's Health Week serves as a reminder for women to find what personally works for them. By establishing health goals, finding motivation and using online tools such as [this](#) to uncover personalized tips, you can take the next step on your health journey at any time. Discovering what works best for you personally can help build healthy habits that you will be more likely to maintain.

The ACE Mentor Program of Washington, DC held its 19th Annual ACE DC Scholarship Awards Breakfast on Friday, May 17, 2019. The breakfast was held in the Grand Ballroom of the Mayflower Hotel in Washington, DC. In attendance for

He is a founding board member of the DC Students Construction Trades Foundation, which provides educational and apprenticeship opportunities for district students interested in design, engineering, and construction; a member of DC Public Schools Engineering Advisory Board; and a member of the Federal City Council. He graduated from the University of Pittsburgh at Johnstown with a Bachelor of Science in Civil/Structural Engineering Technology.

The Program continued with the presentation of the scholarship awards. At the breakfast, local area high school students were recognized with scholarship awards for their outstanding commitment to architecture, construction, and engineering, as well as their overall academic achievement.
